April 20, 2017

Dear Customer,

It has been humbling, the amount of support which continues to come into the 3/6 fire damaged areas. To top it off, the weather has been almost ideal for the growth of grass, with good weather in the current forecast. I received a delivery the other day and the driver said something like, "Doesn't look like there was too much of a fire except for the damaged posts." I kindly replied, "Did you see all the grass about yea high and bright green?" "Yeah..." "That is all new grass where the fire had burned." "Oh...oh."

There is much work to be done, but do not forget Mother's Day on Sunday, May 14th. May 6 and 7 is the peak of the Eta Aquarids Meteor Shower which will be an above average shower (up to 60 meteors per hours) but will be somewhat illuminated by the May 10 Full Moon.

Bison Mercantile's game license system is back in operation. The good news is it seems the area's wildlife is coming back as well. I hear about turkey, have caught fish, saw a pheasant the other day; very encouraging.

With this, have to get back to work. Much to catch up with, and much more to do. I know it has been a hectic few weeks, so if you have any questions or concerns with this statement please get in contact with us so we can get everything square.

Again, Thank You for shopping local, and shopping with us at Bison Mercantile.

Sincerely,

Jerome Berryman
